OUR HOSTEL

Our passing percentage of GP Ratings is one of the best among all Institutes in Eastern India. We are the only Institution who is teaching English to our Boys for 8/10 hours every month. MAI Trainees are also trained towards digitization. Our intention is to make our Boys independent in making their own 'Profile' and uploading same in D.G site. MAI Institution had resumed regular classes in June' 2022 after Covid-19 Pandemics and appended below are passing percentage of last three batches. At present we are running Batch No-050.

Batch No- 047	97.5%
Batch No- 048	97.5%
Batch No- 049	92.5%

➤ Placement record of last three batches is as follows-

Batch No- 047	90%
Batch No- 048	77%
Batch No- 049	30%

➤ We are working on following future plans towards up gradation of MAI-

1. We intend to upgrade our welding standard to 3G, under certification from Classification society. This will need permission from Directorate General of Shipping as DG approved syllabus is limited to 1G standard only. Approval for 3G welding standard will help our Boys find easier placement.
2. Intend to incorporate approval for CCMC course for 40 Trainees.
3. Our plan is to make one swimming pool as well for training non-swimmers along with presentation of life boat davits, lifeboats, life rafts and jump stands.
4. The metal road and Drains are in poor shape and fund is required for same as well.

➤ EXPENDITURE/SURPLUS STATEMENT OF MAI -

FINANCIAL YEAR	INCOME	EXPENDITURE	SURPLUS
2022-23	13297663.00	8118319.00	5179344.00
2023-24	14034474.00	10978299.00	3056175.00
